## DRAFT Vision Statements

1. As Rice County grows and evolves into the future, we will maintain the small town feel of our cities and preserve the rural agricultural character of the community. Rice County will have a diverse local economy and a livable community design providing a high quality of life for its citizens.
2. As Rice County moves into the future, we will build on our community assets and learn from our past. The community character will be defined by the preservation of agricultural land and maintenance of a rural small town feel. Strategic local economic growth and a livable community design will provide a high quality of life for our citizens.

### Revised after 1/16/18 COW meeting:

3. As Rice County grows and evolves into the future, we will support and encourage orderly growth and a diverse economy that will continue to create jobs and a high quality of life for our citizens. We will aspire to maintain the small town feel of our cities and preserve our agricultural heritage.

## **Land Use Goals**

Support and Encourage Orderly Growth and Development.

Create and maintain County ordinances and zoning regulations to encourage orderly development.

Identify areas for mixed use development and support urban growth.

Promote the opportunity to lead active and healthy lifestyles through the coordinated development of infrastructure or supporting programs which promote active lifestyles.

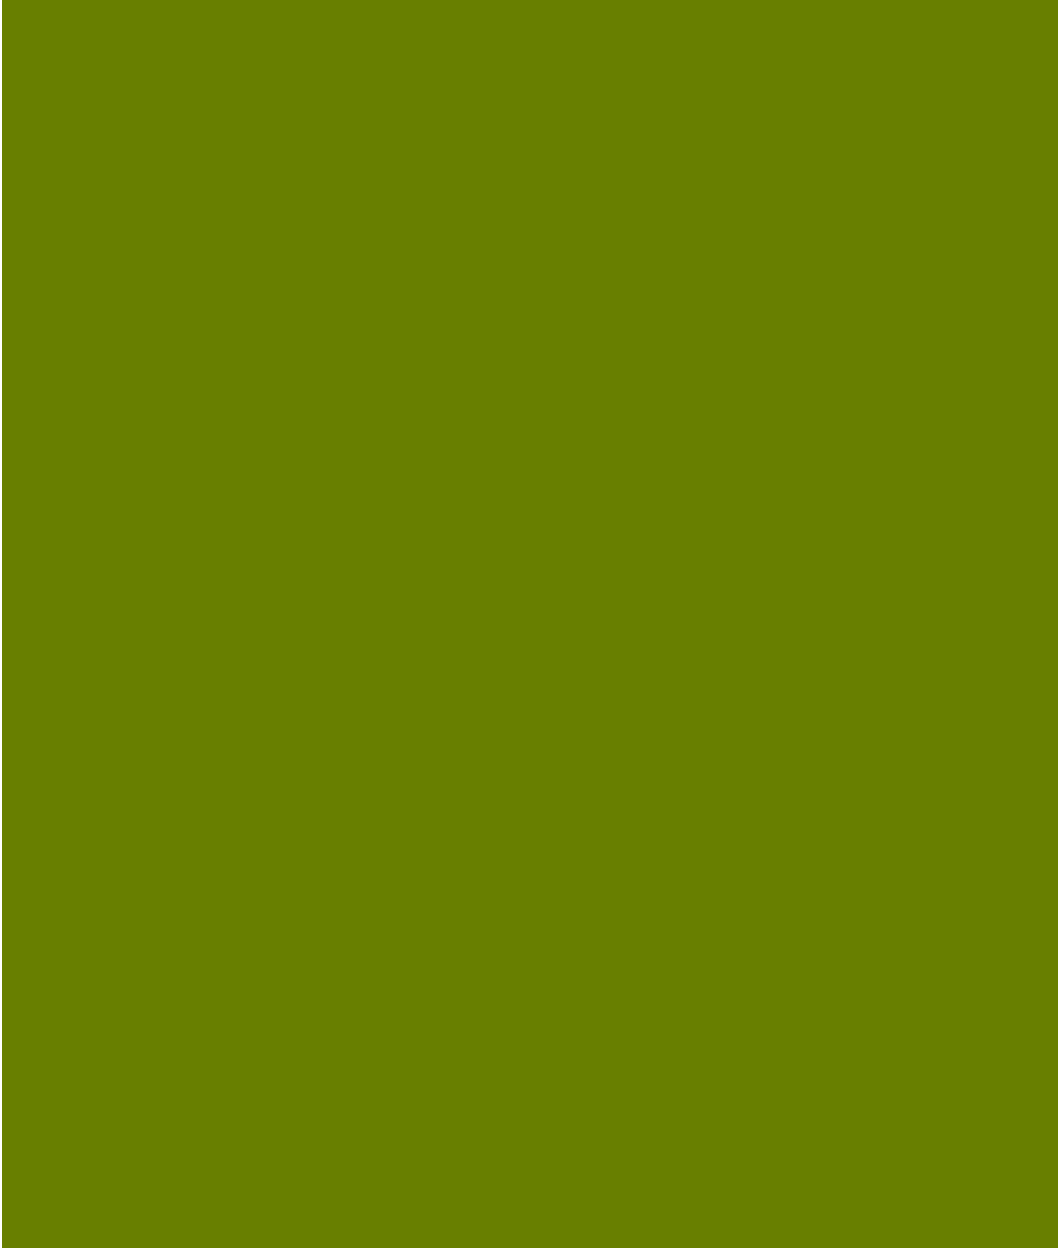

Preserve Agricultural Land and Natural Areas.

Minimize conflicts between agricultural and non-agricultural uses.

Preserve, protect and improve the surface and underground waters including, but not limited to, rivers, streams, lakes, groundwater and aquifer recharge areas.

Minimize the potential for air, waters and, land contamination and pollution that could result from the development process.

Support land use patterns that encourage alternative modes of transportation.

## Revised Vision Statement

As Rice County grows and evolves into the future, we will support and encourage orderly growth and a diverse economy that will continue to create jobs and a high quality of life for our citizens. We will aspire to maintain the small town feel of our cities and preserve our agricultural heritage.
