I primarily work with adults and late adolescents on an individual basis; I also offer couples counseling. My style with clients is collaborative and relatively informal. Together we identify the thought and behavioral patterns that are no longer serving the client. We then work to replace these with more skillful patterns and practices that help people experience more inner freedom and create the lives they choose. Areas of specialization include anxiety, depression, grief and loss, relationship issues, OCD and phobias, spirituality, self-esteem, and stress management.
